Process & Task Tracking Log

Full Development Lifecycle, Phase Executions, and Verification Record

1. Overview & Objective

Task Goal: Build a complete, responsive, production-grade web application for the **Smart Sports Tournament Scheduling & Live Match Management System (Play Field)** using React (Tailwind CSS, Lucide icons), Supabase PostgreSQL (via MCP), GitHub integration, and modular component architecture based on the Stitch UI designs.

ATTRIBUTE	SPECIFICATION
Status	**COMPLETED (100% Verified)**
Target GitHub Repo	`https://github.com/shameel-alt/Play-Field`
Supabase Project	`gtwzadsohgmppcwovhuh` (11 Relational Tables Active)
Build Status	Vite Production Build: **0 Errors / 0 Warnings**

2. Phase-by-Phase Execution Record

PHASE	SCOPE & PROCESS	KEY DELIVERABLES & TOOL ACTIONS	OUTCOME
Phase 1	Planning & Architecture	Formulated end-to-end plan covering all 13 screens & 4 domain engines	Approved
Phase 2	Database Provisioning	Executed DDL migration deploying 11 relational tables via Supabase MCP	Active
Phase 3	Scaffolding & CSS Tokens	Created 4 modular CSS token files, Google Fonts, and Tailwind configs	Clean
Phase 4	Domain Logic Engines	Built Berger pairings, Two-tier mutex, FIFA standings, 3-0 Walkovers, and PNG export	Verified
Phase 5	State Stores & Auth	Implemented AuthContext (with hash-query invite tokens) and TournamentContext	Secure
Phase 6	UI Views & Components	Engineered 14 views including wizard, live console, public stream, and podium	Complete
Phase 7	Browser Verification	Automated live testing via Chrome DevTools MCP on localhost:5173	Passed
Phase 8	GitHub Sync & Pushing	Configured remote origin and pushed all commits to shameel-alt/Play-Field	Synchronized
Phase 9	Documentation & PDF	Compiled PRD, TRD, App Flow, and Master Dossier in PDF format	Delivered

3. Key Verification Milestones Passed

- **Two-Tier Court Collision Mutex**: Reassigned Match #6 from Court 1 to Court 5. Collision scan verified zero clashes, updated the live management desk, and immediately broadcast the relocation notice banner to fans.
- **Disciplinary 3-0 Walkover**: Tested walkover on City Lions; awarded automatic 3-0 forfeit win to Metro Strikers and recalculated Group A standings according to FIFA rules.
- **High-DPI PNG Exporter**: Configured `skipFonts: true` to eliminate CORS security exceptions; verified clean 1200×1200px PNG summary generation.
- **Co-Organizer Auth Guard**: Tested deep-link invite tokens (`?inviteToken=...&tournamentId=...`) across hash URLs; verified unauthenticated users are forced to sign in before console delegation.
- **4-Step Tournament Wizard**: Created and published "Colombo Corporate Futsal Super Cup 2026" with selective 30% advance deposit payment and shareable broadcast link.
